 We're lost in a cloud with too much of rain

**F**                    **F#dim C**                    **C7**  
 We're trapped in a world that's troubled with pain,  
**F**                    **F#dim**                    **C**                    **E7 Am**  
 But as long as a man has the strength to dream,  
                   **D7**                    **G7**                    **A**  
 He can redeem his soul, and fly (He can fly)

[Verse 3]

**D**                    **Bm**                    **G**                    **A7**  
 Deep in my heart there's a tremblin' question.  
                   **D**                    **Bm**                    **Em**                    **A7**  
 Still I am sure that the answer's gonna come somehow.  
                   **D**                    **G**                    **G#dim**  
 Out there in the dark there's a beckoning candle, oh yeah  
                   **D**                    **Bm**  
 And while I can think, while I can talk,  
                   **D**                    **Bm**  
 While I can stand, while I can walk,  
                   **G**                    **Em**                    **A**  
 While I can dream, - please let my dream - come true  
                   **D** **Bm**  
 Right now  
                   **D** **Bm**  
 Let it come true right now  
  
**D G D**
